SUMMARY

Front-end developer with a strong foundation in HTML, CSS, JavaScript, and modern web development, backed by a 9-month full-stack development bootcamp and a front-end Techdegree. Experienced in building responsive web interfaces, integrating APIs, and working with data-driven applications. Brings 5+ years of professional experience in finance operations, where analytical thinking, attention to detail, and process improvement were part of daily work. Comfortable learning new technologies and working independently or collaboratively to build clean, functional solutions.

PROFESSIONAL EXPERIENCE

RISING TIGER ENTERPRISES INC. AMSTERDAM
Web Developer Freelance 2023

Gained hands-on experience in web development from coding to deployment. Enhanced problem-solving skills through troubleshooting while gaining a deeper understanding of client needs, timelines, and collaboration

- Built and delivered front-end web solutions using HTML, CSS, and JavaScript
- Developed responsive, mobile-first interfaces to ensure consistent experience across devices
- Integrated REST APIs to connect front-end components with back-end data sources
- Collaborated directly with the client to translate business requirements into functional features

MICHAEL PAGE B.V. AMSTERDAM
Administrator Interim Management 2019-2020

- Streamlined historical data records and resolved data discrepancies across large volumes of transactional records
- Took ownership of a process-improvement project, reducing backlogs through workflow reorganization

ECLECTIC IQ B.V. AMSTERDAM
Finance Operations Specialist 2018-2019

- Simplified and documented internal policy guidelines to improve process compliance
- Designed and delivered onboarding sessions to walk employees through new tools and procedures

FACTSET RESEARCH SYSTEMS INC. METRO MANILA
Research Analyst 2016-2018

- Collected, validated, and maintained large datasets on global companies and securities.
- Prioritized client demo requests by quickly updating company and investment data.
- Supported ad hoc research projects and data requests as needed.
- Analyzed data trends to support internal teams and client decision-making

IBM METRO MANILA
Travel and Expense Prepayment Administrator 2014-2016

- Audited travel expense claims for Benelux employees to ensure policy compliance
- Reduced processing backlogs by supporting international teams and meeting SLA targets
